

13TH KING'S INTERNATIONAL DIABETIC FOOT RECONSTRUCTION SYMPOSIUM

NO MORE PREVENTABLE AMPUTATIONS!

A multidisciplinary symposium bringing together orthopaedic, vascular, podiatric & medical expertise to advance diabetic foot reconstruction & limb preservation.

4-5 NOVEMBER 2027

The Royal College of Physicians, London

MISSION:

The **13th King's International Symposium on Diabetic Foot** will bring together leading clinicians, researchers and industry partners from the UK and internationally to share the latest advances in diabetic foot care, reconstruction and limb salvage. Building on the success of the 2025 Summit, which welcomed over 300 delegates to London, the 2027 meeting will continue its mission to improve outcomes for patients under the theme **"No More Preventable Amputations"**, with a programme centred around the Four Pillars of Limb Preservation: Charcot Reconstruction, Ultra Distal Revascularisation, Tibial Bone Transport and Multidisciplinary Podiatric Care.

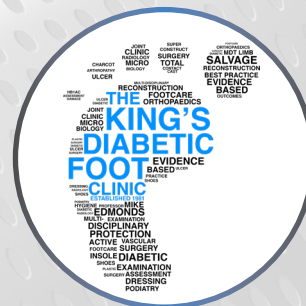

CO-DIRECTORS:

PROFESSOR VENU KAVARTHAPU
Consultant Orthopaedic Surgeon
King's College Hospital

PROFESSOR MIKE EDMONDS
Consultant Diabetologist
King's College Hospital

The conference theme is:
NO MORE PREVENTABLE AMPUTATIONS!

The 2027 Programme will centre around the four pillars of limb preservation:

Charcot
Reconstruction

Ultra Distal
Revascularisation

Tibial Bone
Transport

Multidisciplinary
Podiatric

AUDIENCE:

Connect with 200+ delegates in person, including surgeons, physicians, podiatrists and allied health professionals involved in multidisciplinary diabetic foot care.

Showcase your products, services and expertise to a highly relevant clinical audience, with access to the full scientific programme and symposium networking reception.

SPONSORSHIP PACKAGES

Exhibition stand locations will be prioritised by sponsorship level, with confirmation date used to determine allocation within each tier.

Sponsor branding will feature prominently throughout the main symposium space, with the size and positioning of logos aligned to the relevant sponsorship package.

All sponsorship packages provide involvement across the full two-day 13th King's International Symposium on the Diabetic Foot. Single-day sponsorship is not available, allowing our partners to maintain a consistent presence and visibility throughout the symposium.
